Acknowledgement

I would like to express my special thanks of gratitude towards my mentor Mr. SUNIL GADEKAR for his immense support and appreciation towards my work in the DIGITAL PAINTING project Assignments.

Our mentor provided an excellent clarity and explanation of design concepts. It's implementation was conducted with utmost dedication along with a methodical manner. The classes were conducted in a very fun & disciplined manner which made my work and design concepts clear and I could produce some of my best artworks under his mentorship.

I would also like to express my gratitude towards INSD, our HOD Mr. Shashikant Ligade and all the amazing faculties and supporting staff for believing in me and for giving me the opportunity to explore my skills and develop my insights towards design development.
